REVIEW OF MARKETS FINANCIAL AND COMMERCIAL

Stocks, Money, Exchange, Bonds, Grain, Cotton, Provisions, Etc.

New York, March 15.—The changes in stock prices to-day were mixed with losses prevailing. For the greater part of the day stocks were under pressure, in part due to the strength in the call money market, where five per cent, was recorded for some loans, although most of the business was at 4 per cent. London, while trading both ways, disposed of more stock than it took. The selling of Manhattan was attributed to the underwriting syndicate of the issue of new stock, although there was no means of ascertaining the real source. The stock closed with a loss of nearly 2 points, after an earlier extreme decline of 3%. Kansas City, Pittsburg and Gulf left off 4 points down in anticipation of a possible heavy assessment in the plan of reorganization. American Steel and Wire dropped 1% with a smaller sympathetic recession in Federal Steel issues. There were fractional recessions, too, in Northern Pacific, Atchison, the Readings and the Grangers, Chicago Terminal stocks were benefitted by talk of a contract with Chicago and Alton, while Colorado Southern was up on rumors of negotiations with Union Pacific. Brooklyn Rapid Transit got within a small fraction of par in expectation that another system was about to be acquired, but the interests concerned largely in such a deal were not communicative. American Tobacco rose 2 points, but Continental Tobacco, now dealt in in the unlisted department, made, compared with the opening, a net loss of 1½ for the common and 3 for the preferred. New York Air Brake jumped 10½ points, conflicting rumors regarding the probability of the success of certain gas legislation lent feverishness to Consolidated Gas, which, however, rose %. Metropolitian Railway, People's Gas and Sugar gave some evidence of strength. A slight recession in the strength of call money, although it closed with transactions at 3½64, induced some covering in the afternoon. The closing tone was uncertain, with prices below the heast and above the worst.

The Government trade statisties showing an excess of exports of me

U. S. new 4's registered advanced 1/2 and do coupon 1/4 in the bid price. The total sales of stocks were 540,100 shares.

New York, March 15.—Standard Oil closed 4.826(4.84)

The Cotton Markets.

NEW YORK COTTON MARKETT.

New York, March 15.—Without showing special activity the market for cotton ruled generally firm all day. The loss sustained yesterday was recovered within the first few minutes, and a further gain was scored later in the morning on a small rush of shorts to cover, together with moderate buying in the near deliveries by foreign learnessentatives, inspired by unfavorable news from the cotton belt and unmistakable evidence of a better feeling is speculative circles abroad, in the afternoon, however, interest in the marketfell off to a narrow scalping business except at the close, when the munispurt of activity occurred. The opening was stendy with prices 1 to 3 point higher and almost immediately the learnessed to a matter of 5 to points. An advance of 1 to 2 points is full ores and sales of 12,000 spat cotton a well sustained prices in the Liverpos market to-day, had hardly entered in the calculations of shorts at the close of last night nor tad widespread procipitation in the cotton belt been anticipated. But the bull faction lacked the courage of their convictions, and not withstanding the marked improvement in the haillah Influences, made but for ble federate to rout their opponets. Commission houses seld the present error during that he is the close of the courage in the haillah Influences, made but for ble federate to rout their opponets. NEW YORK COTTON MARKET.
